### Will other adults besides my child's classroom teacher be part of the learning group?

There may be staff such as support teachers, counsellors, library and music teachers, the principal, and district staff who work across learning groups. These adults will be physically distancing, and wearing non-medical masks. There are spots in our school with plexi-glass

Yes, buses have been equipped to protect the driver and passengers. Students within the walking boundary will need to find transport to school. There is no courtesy riding.

### Is there additional cleaning and disinfecting?

Yes, we are following guidelines outlined by the Ministries of Education and Health.

A learning group (or cohort) is a group of students and staff grouped together throughout a school term or year and who spend most of their time with each other.

Some examples of learning groups include: one classroom that does all its learning together; a group of students from two separate classes who come together for activities like recess and lunch

Our learning groups may be a maximum of 60.
